Great Teletext  
deals! 200

# Teletext

A news and information service that could be accessed through the television. It could be used to book holidays, check the weather and play games.

## Mystery Object

# Roller Skates

## Mystery Object

# Pager

A small radio device, activated from a central point, which emits a series of bleeps or vibrates to inform the wearer that someone wishes to contact them or that it has received a short text message.

## Mystery Object

# VHS Tape

VHS (Video Home System) is a plastic shell filled with tape that can be used to record or play video.

## Mystery Object

# Record Adapter

A Record Adapter is a small plastic or metal insert that goes in the middle of a plastic record to make sure that they can be played on all turntables.

# Camera Film

Would be used in older cameras. You could take up to 30 photographs on one reel of film and then take them to the film store to have your images developed.
